

LET IT RIDE® STUD POKER

Let it Ride bonus is a five-card stud poker game where players compete against a paytable, not against the dealer or other players, and have the option to wager on two different bonus bets. Players win on the base game wagers with a pair of 10s or better. It also features the optional 3 Card Bonus and the progressive wager. To play, players make three equal bets as indicated on the layout. Players may also make the optional 3 Card Bonus and progressive wager. Players will receive three cards. The dealer will place two community cards face down in front of the chip tray. Players combine these cards with their three cards to make their best five-card Poker hand. After looking at their cards, players have a choice: ask for their first bet back or “Let it Ride.” The dealer will reveal the first community card. Players will then have the choice to remove their second bet or “Let it Ride.” The dealer will then reveal the second community card and pay all winning hands according to the payout schedule.
