

MISSISSIPPI STUD

Mississippi Stud[®] is a five-card poker game that lets you bet up to 10 units on a single hand. In Mississippi Stud[®], you compete against a payable, not against the dealer, and you win if your hand is a pair of jacks or better. The top payout is 500 to 1 for a royal flush and it pays on all bets! It also features an optional 3 Card Bonus side bet and a progressive wager.

Getting Started

Make an ante, an optional 3 card bonus bet and a progressive wager bet to receive your first two cards. The dealer will place three community cards face down in the middle of the layout.

Play or Fold?

At this point, you may either fold or make the 3rd Street bet of 1X – 3X your ante. The dealer then reveals the first community card. Once you see the first community card, you have a choice: fold or make the 4th Street bet of 1X – 3X your ante. The dealer then reveals the second community card. Once again, you can fold or stay in the game by making the 5th Street bet from 1X – 3X your ante.

Note: When you fold, you forfeit your ante and any additional main game bets placed. The 3 Card Bonus bet and progressive bet remains in action until the three community cards are exposed.

Winning and Losing

After the dealer turns over the final community card, he resolves all wagers left in action. You win if your five-card hand is a pair of jacks or better (Pairs of 6s - 10s push). See payable for odds.

3 Card Bonus Optional Side Bet

You may make the optional 3 Card Bonus bet in addition to your standard Mississippi Stud[®] wager. You may bet up to the posted table maximum on the 3 Card Bonus bet. If the three community cards contain a pair or better, your 3 Card Bonus bet wins. See posted payable for odds.
