Clean the World®

Clean the World has a two-part mission:

- 1 Collect and recycle soap and hygiene products discarded every day by the hospitality industry and other sectors that generate environmental waste.
- 2 Through the distribution of these and other donated products to impoverished people, prevent millions of hygiene-related deaths each year, reduce the morbidity rate for hygiene-related illnesses, and encourage vigorous childhood development.

Clean the World has developed a program that brings relief in the form of hygiene kits to people right here in our community, and you can be a part of it! Your group can host a hygiene kit building event (or purchase pre-assembled kits) and distribute them to shelters, missions, disaster relief efforts or a number of other places within the community.

ON-SITE VOLUNTEERING:

Clean the World provides all supplies for assembling the hygiene kits, which can then be donated to a local charity of your choice. Upon receipt of your final order, Clean the World will provide a setup guide with best practices, and will assign a dedicated hygiene kit manager to assist with logistics such as delivery details, setup guidance and charity matching (if needed).

- 100 volunteers would build roughly 2,500 kits in one hour.

Career Opportunity Development, Inc.

Serving Greater Southern New Jersey Since 1970

Turning Disabilities and Disadvantages into Abilities and Advantages

Our Mission - To enrich lives and strengthen communities through housing and employment.

Our Vision - Inclusive communities where individuals, regardless of disabilities and disadvantages, work or volunteer, live in a safe - comfortable home, recognize their value and worth, and feel empowered to make a positive impact.

Career Opportunity Development, Inc. (CODI) was founded by a group of concerned parents on September 5, 1970. CODI began as a small storefront day program in Pleasantville, New Jersey providing vocational services for individuals with developmental disabilities. Over the years CODI identified additional community needs, expanding its mission and currently provides a wide array of services annually assisting more than 1,500 unduplicated individuals.

"Life's most persistent and urgent question is, 'What are you doing for others?'" - Dr. Martin Luther King, Jr.

Volunteers are always welcome at CODI. We have a variety of project options for your group. We create events that are meaningful to the participants and a worthy use of your time and resources. Volunteers playing a part in on-site projects are a tremendous help to our organization and the consumers that we serve.

OFF SITE PROJECTS:

CARE-SAROLES – Each month CODI provides prepared meals through a network of community partner agencies including food pantries, soup kitchens, and residential programs/shelters. Volunteers are needed to assist in a variety of ways from creating to packaging these meals. Everyone can play a part - we will tailor the project to suit your groups needs.

FOOD PANTRY – Many consumers are in need and depend on free supplemental food they receive from our food pantry. Volunteers are needed to help in every aspect; from loading and sorting to bag packing and distribution—every willing hand is greatly appreciated.

RESIDENTIAL HOUSING MAKEOVER – CODI manages many group homes where consumers learn independent living. General maintenance and beautification often take a back seat without the assistance of “willing workers” Volunteers are needed to assist in painting, landscaping, and other light maintenance projects. Improvements to these areas enhance the lives of our consumers. This project will be tailored to suit the needs of your group.

LIVE UNITED AND MAKE A DIFFERENCE

Volunteering is at the heart of what it means to LIVE UNITED. Throughout the year, United Way of Greater Philadelphia and Southern New Jersey helps corporate partners foster teamwork while giving back to the community through group volunteer projects. Together, we are changing lives and transforming communities—one child, one adult and one family at a time.

OUR FOCUS ON EDUCATION

Through our Impact Fund, United Way works to ensure all students in the region have access to high-quality education from cradle to career. With the help of partners, advocates, local nonprofits and committed volunteers, we invest in early learning to help children be prepared for kindergarten, focus on early grade literacy to ensure kids can read at grade level by the end of third grade, intervene in middle and high school through innovative mentoring programs to make sure kids graduate, and provides exposure to higher education and the workplace – as well as the support to get there– so that young adults continue on to college and career.

On-site projects to support this work can include:

SUPPLIES FOR SUCCESS

Too often families must choose between making ends meet and providing basic school supplies for their children. And we know how important being prepared is when working towards academic success! By helping us to equip our children with the right tools for school, you'll give the students the start in school they need to succeed.

EARLY GRADE LITERACY KITS

Encourage a love of reading that puts young children in underserved communities on the path for success by providing families with activities, supplies and books that stimulate learning and build pre-literacy, math and social skills. Inquire for several versions of this particular project and range of cost associated with volume and scope of project.

Additionally, we can tailor a custom project— on-site or on location— that supports our work in our other focus areas including Financial Stability, Health or Basic Needs. Please contact us in advance of your meeting or convention so we can plan a volunteer experience that fits your time and budget.
