

Martorano's combines exceptional food, music and movie entertainment to create the most unique dining experience. We are not for everyone nor have we claimed to be. If you get "IT" you will have the time of your life, if you don't we're just not for you. Enjoy our state-of-the art sound and lighting system that sets the scene with anything from Classic R&B and Disco to today's Hip - Hop and Classic Slow Jams. Our High-definition televisions throughout the restaurant show scenes from many of my favorite movies. Keep in mind the movie content may be R-rated and contain scenes not suitable for children under the age of 18. If you want to have a business meeting or family dinner join us between 5 pm and 9 pm when you can listen to classics from Sinatra to John Coltrane. From 9 pm - 2 am if warranted, the music kicks up and the party begins. If you see this concept anywhere in the world know it began at Cafe Martorano in 1983. Just to let you know our food is cooked to order when it's ready is when it will come out.
