**Signature Sound Therapy Aroma Massage**      **50 minutes | \$195**      **80 minutes | \$275**  
*Sound emission over the entire body with alternating tones and frequencies helps to stimulate the body's natural energies. This rhythmic therapy will calm the mind and allow you a deeper and more relaxing experience than traditional massage. Vibrations promote good blood circulation and help to flush toxins from the body, while allowing French essential oils of your choice to penetrate deep into the muscles. Customized to your specific needs by incorporating diverse massage therapy techniques, you will feel reenergized and relaxed simultaneously.*

**Fleur de Sel Massage**      **80 minutes | \$275**  
*Inspired by the Pink Salt Beaches in Occitanie, we combine rose-colored thermal salt stones containing natural minerals that provide a gentle exfoliation, making your skin feel smooth and soft after your massage session. This treatment helps restore ion balance and provides deep relaxation to the body with moderate pressure techniques. This treatment pairs well with any of our thalassotherapy baths or aromatherapy oils.*

**Aromatherapy Voie Custom Massage**      **50 minutes | \$185**      **80 minutes | \$275**  
*A natural harmonious journey of the unique regions in France. Choose your scented path from lavender in Provence, Cedar and Cypress from the Forests, Jasmine from French Polynesia, or sweet orange from Corsica. Your therapist will blend techniques within the massage to customize your treatment to the specific needs of your body.*

**Leg Revival Treatment**      **25 minutes | \$95**  
*Capillary-strengthening herbal gel is used to improve circulation, while menthol relieves fatigue and aches in the legs.
