There are three ways to bet in Mini-Baccarat - the bank, the player and/or the tie. If the hands end in a tie, there is no action on the bank's or player's hand. All tie bets are paid Eight to One. Each hand is dealt two cards. The total of the two cards determines whether a third card is drawn. The third card drawn to the player determines whether the bank draws a card on Three, Four, Five and Six. If the first two cards given to the bank and the player's hand total Six or Seven, no third card will be drawn with natural Eight or Nine. Tens and face cards have no value. Total the cards together and go by the last digit.

## EXAMPLE

**7 + 8 = 15      K + 5 + 6 = 11**

On the first hand, the hand value is five. On the second hand, the hand value is one. Hand value closest to nine wins. All winning bets on the player's side are paid even money. Winning bank bets are charged 5% commission.

## THIRD CARD RULES

When the "Point Count" for either the "Banker Hand" or the "Player Hand" after the initial two cards are eight (8) or nine (9), it is a "Natural" hand and neither the Banker nor the Player may draw a third card.

## PLAYER RULES

Point Count 0 through 5% - Player must draw

Point Count 6 or 7 - Player hand must stand

Point Count 8 or 9 - Natural, Both, Players and Banker must stand.

## BANKER RULES

If the Player's hand does not receive a third card, the Banker's hand shall be dealt a third card if the Point Count of the Banker's Hand is 5 or less.

### **If the Player's hand is dealt a third card:**

Point Count 0 through 2 - Banker must draw.

Point Count Three - Banker must draw, unless Player's third card is an 8.

Point Count Four - Banker must draw only when the Player's third card is a 2 through 7.

Point Count Five - Banker must draw only if the Player's third card is a 4 through 7.

Point Count Six - Banker must draw only if the Player's third card is a 6 or 7.

Point Count Seven through Nine - Banker will always stand.
