

# MISSISSIPPI STUD

---

Mississippi Stud is a five-card Poker game in which you compete against a payable, not against the dealer, and you win if your hand is a pair of jacks or better. The top payout is 500 to 1 for a royal flush - and it pays on all bets. It also features the 3 Card and 6 Card Bonus side bets.

## GETTING STARTED

Make an ante bet to receive your first two cards. The dealer will place three community cards face down in the middle of the layout.

## PLAY OR FOLD?

At this point, you may either fold or make the 3rd Street bet 1X, 2X, 3X your ante. The dealer then reveals the first community card. Once you see the first community card, you have a choice: fold or make the 4th Street bet of 1X, 2X, 3X your ante. The dealer then reveals the second community card. Once again, you can fold or stay in the game by making the 5th Street bet from 1X, 2X, 3X your ante.

**Note:** When you fold, you forfeit your ante and any additional main game bets placed. The 3 Card Bonus and 6 Card Bonus bets remain in action until the three community and four 6 Card Bonus cards are exposed.

## WINNING AND LOSING

After the dealer turns over the final community card, he/she resolved all wagers left in action. You win if your five-card hand is a pair of Jacks or better (pairs of 6s - 10s push).

## 3 CARD BONUS

You make the 3 Card Bonus bet in addition to your standard Mississippi Stud wager. At the casino's discretion, you may bet more on this bonus than on the base game wagers. If the three community cards contain a pair or better, your 3 Card Bonus bet wins.

## 6 CARD BONUS

The 6 Card Bonus side bet combines your two cards with the four 6 Card Bonus cards to make the best five-card Poker hand. In addition, the casino offers two top payouts that are based on all six cards. To make the 6 Card Bonus side bet you must also bet the ante and 3 Card Bonus wagers.
